

The diagram shows a network environment within a large orange-bordered container. The background of this container has a diagonal gray and white striped pattern. Three smaller, light-gray rounded rectangular boxes are arranged horizontally at the top. Each box has a thin orange border and a subtle drop shadow. The first box on the left is labeled '#Server', the middle box is labeled '#Client', and the box on the right is labeled '#Port Scanner'.

#Server

#Client

#Port Scanner
